

# 4<sup>th</sup> International conference on unconventional catalysis, reactors and applications

Cultural and Congress Centre *Alandica*, Mariehamn, Åland Islands, June 24-26, 2026

**Welcome to UCRA4!**

[www.ucra4.org](http://www.ucra4.org)

## Exciting conference topics

- ☐ Novel **reactor** and **catalyst structures**
- ☐ **Process intensification methods** with applications
- ☐ **Multifunctional reactors and separators**
- ☐ **Liaison of homogeneous, heterogeneous and enzymatic catalysis:** status quo and perspectives
- ☐ **Multifunctional catalyst design and application in nanoscale** – integration of different active sites in a single matrix
- ☐ **Catalysis for human health.**
- ☐ **Struggle against climate change** by new technologies
- ☐ **Strategic metals** – does green mining exist?
- ☐ **Beyond the chemical and process industries** on Earth

## But also..

- ☐ Visit **Kastelholm castle** and **Bomarsund fortress**
- ☐ Enjoy the life in the picturesque **archipelago town Mariehamn**
