# UCRA4 Special issue – Call for manuscripts

Dear Participant of UCRA4,

we invite you to submit a manuscript for a special issue in ***ACS Engineering Au*** themed around **UCRA-4** (Åland, Mariehamn) guest edited by the conference organizers. The special issue will be a collection of invited and open contributions in topical areas relating to the meeting.

*ACS Engineering Au* is ACS's fully gold open access engineering journal, publishing high-impact research across the engineering sciences with free access for readers worldwide. *ACS Engineering Au* recently received an impact factor of 9.0, highlighting its strong visibility and reputation within the engineering community.

The special issue manuscripts will be peer-reviewed as per the journal's standard process. The deadline for submission as part of this group is **February 1, 2027.**

A link has been opened for submission of the manuscripts to this special issue. Select 'UCRA4' in the Special Issue Selection.

We hope that you will accept the invitation to contribute and look forward to your reply.

Sincerely,

**Joris Thybaut**, Gent Universiteit (Editor)
**Tapio Salmi**, Åbo Akademi (Guest Editor)
**Andrzej Stankiewicz**, Politechnika Warszawska (Guest Editor)
**Polona Zdinarsic-Plazl**, University of Ljubljana (Guest Editor)
